

One time login when user installs app

When the button is clicked, it will be connected to recorder and after recording it will be saved in the memory

08:28 AM

Dashboard

Hello XYZ,

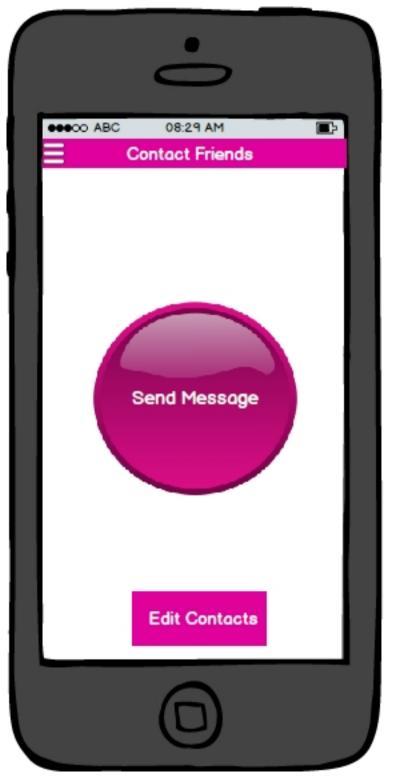

Move of the Day

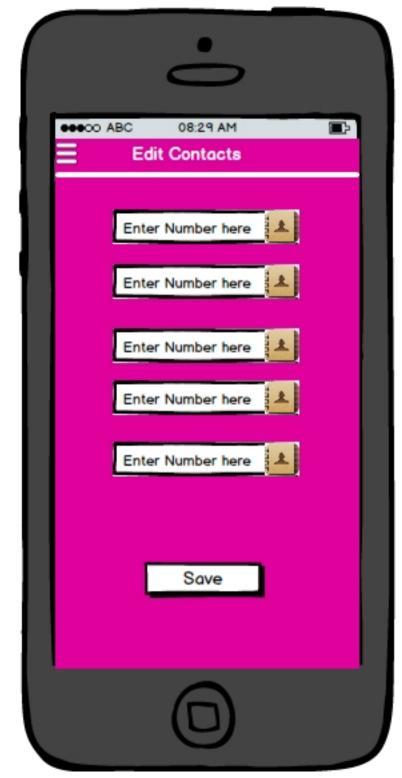

How to: Lift your right leg......

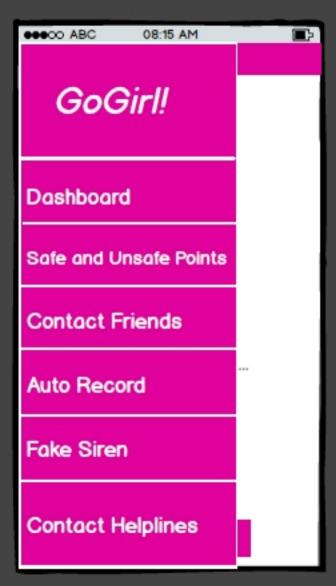

Edit your profile

Menu for the app

Opens when the hamburger icon on the top is clicked

When the button is toggled, a fake siren is started to threaten criminals, saying police is nearby
